Don't Take any Chances

A battery may seem to be doing its job nearly as well as usual—may turn the engine over strongly enough to "get by"—may supply enough current for light—may produce a fairly hot spark—and may go on doing so right up to the point where the spark of life goes out.

If you don't know that your battery's in good health, you're taking chances.

Drop in at the Service Station for ten minutes and let us test your battery.

And ask about the Still Better Willard—the only battery with the "Bone Dry" principle that is your absolute assurance of getting a battery as new as the day it left the factory.

SHARP DISSENT MADE TO LLOYD GEORGE'S THREAT

British Manufacturers Doubt Premier and American Economic Views Agree.

London, Aug. 2.—Sharp dissent to the threat of Premier David Lloyd George to use the economic weapon against Germany after the war, as outlined in an address made by the premier before a delegation from the National Union of Manufacturers yesterday is expressed by the liberal press and the premier's view, it is said, will not be endorsed in America.

Quoting the phrase, "the longer the war the laster the sternest will be the economic terms we impose on the foe," used by Mr. Lloyd George, the Chronicle says:

"We doubt very much whether that is how the President and Wilson view the question. It is certainly not the view of American opinion generally. Americans attach great importance to the economic weapon which the allies, acting together, could wield, but the Americans do not wish it wielded with a vindictive purpose for any fixed period after the war. It will not be possible to carry out both the American policy and Lloyd George's policy. They are alternative, not supplementary."

"The American suggestion is full of hope and help in the pursuit of ultimate permanent world peace. That of Lloyd George has quite the opposite tendency."

CAMP JACKSON TO BE LARGEST ARTILLERY CAMP

War Department Plans to Use 55,000,000 Feet Lumber in Construction Work.

Camp Jackson, Columbia, S. C., Aug. 2.—Information received from Washington is that the war department plans to use 55,000,000 feet of lumber immediately in the construction of new buildings at Camp Jackson. Indications are that Camp Jackson will be the largest artillery camp in the United States and will be able to accommodate 100,000 men when the plans now being made are carried to completion. It is estimated the improvements will cost \$25,000,000. Maj. Gen. William J. Snow, chief of field artillery, said everything is ready for details to be announced as to the contracts for the immense amount of construction work to be done, but no announcement could be made at this time on account of the absence from the capital of the assistant secretary of war. Upon that official's return the contracts will be signed and full details of the future growth of Camp Jackson announced.

PRIVATE GRISHAM GIVEN TWENTY-YEAR SENTENCE

Camp McClellan, Anniston, Ala., Aug. 2.—Private James H. Grisham, 18th Field Artillery, has been given a twenty-year sentence by court-martial on a charge of sleeping on post. Private George Carson, Eightieth field artillery, has been sentenced to five years at hard labor, forfeiture of all pay and dishonorable discharge. The sentence was approved by the commanding general.

SISTERS OF ARMY MEN MAY GO OVERSEAS

Regulations Regarding Issuance of Passports Somewhat Modified.

Washington, Aug. 2.—The following memorandum has been authorized by the war department: "On representation of responsible heads of the Red Cross, Y. M. C. A. and other allied bodies who are doing war work in France that they are unable to obtain a sufficient number of women as workers, the prohibition by the war department concerning the granting of passports to relatives of officers and men in the United States army is modified so as to permit the use of sisters of soldiers as workers under the following conditions: "First—The sisters must be duly accredited members of one of the regular authorized organizations. "Second—Each must be particularly qualified by training for the position she is to fill. "Third—That she is sent to France as a worker and not as a relative. "Fourth—That she will make no efforts to visit her relatives in France, whether sick or well. "Fifth—That the organization to which she belongs will make itself responsible for returning her to America in case she violates these rules. "Sixth—That if she marries an officer or a soldier in the American expeditionary forces after her arrival she will automatically be sent back to the United States by the organization in which she is serving. "An agreement has been reached with the heads of the organizations affected to submit to the headquarters of the A. E. F. in France, for approval, lists showing the numbers they recommend being sent, and those actually sent will, therefore, be based upon the calls of the heads of these societies in France. "PETYON C. MARCH, "General, Chief of Staff."

EVERY DAY COMES MORE PROOF

People All Over the State Praise Globe Tonic.

Mr. J. W. Minshew, 416 Amite street, Jackson, Tenn., was one of the many callers yesterday and said: "Your Globe Tonic is simply remarkable, for I suffered with pains across my back, in my neck, shoulders and stiffness in my limbs and joints and in cloudy weather I could hardly go, and to add to my misery, for the past six months I have suffered stomach trouble. Seemed everything I ate would just lay in my stomach like a lump of lead. A month ago my attention was called to Globe Tonic and I began to use it and the results have been wonderful and have gained ten pounds in weight. Nothing ever did what Globe Tonic has done, and I am thankful to it for my present condition. "While the demonstration is in progress we are selling the large \$1.00 bottles for 65 cents (three for \$1.75) and refund the price if the first bottle does not benefit. Call on the lemonator at 1225 Market street and let them tell you of your friends and neighbors who are using and praising the Globe Tonic, and get a free sample." (Adv.)

VILLAGE OF CIERGES TEN FEET DEEP IN GAS

Battle Circles About Hamlet of Dead, of Rats and Mice and Blighted Flowers.

London, Aug. 2.—The tide of battle on the American front drifted somewhat eastward on Wednesday, the most severe fighting occurring in the vicinity of the village of Cierges, which is some two miles southeast of Serzy, says Gen. Ken's correspondent on the American front telegraphing Thursday evening. "Cierges," writes the correspondent, "has for some days been a stumbling block to our advance and it is noteworthy that the Meunier wood formed strong centers of opposition during the first German retreat from the Marne, the havoc wrought during the two retreats being curiously intermingled. One of the chateaux whose towers have been freshly damaged by German shells, has in the banqueting hall big bushes of elderberries which evidently had seeded there when the roof was blown off in 1914. "Cierges, itself is unoccupied by either side, neither having any wish to be in there for the village is in a deep cup in which the gas lies ten feet deep. So it remains and so it will remain while the still summer weather lasts—a village of the dead, of dead cats, rats and mice, with all the herbs and flowers that had blossomed there and blighted. "Meanwhile the battle circles about it on the surrounding hills, the Americans fighting towards it up the Gurg valley and over the high ground north of Roncheres and down from the hills near Serzy, where the Germans, after the village was taken, illustrated from the crests to the north and east what could be accomplished in a deterrent way with machine gun fire."

SERVICE IN HONOR OF LIEUT. JAMES C. LODOR

A service, with special music will be held at Thankful Memorial church, St. Elmo, on Sunday afternoon at 5 o'clock, in memory of Lieut. James Lodor, who fell on the Marne battlefield July 22.

DR. HILLIS WINS HIS SUIT AGAINST FERGUSON

Litigation of Pastor Plymouth Church Against Farmer Trustee Decided in Favor of Pastor. New York, Aug. 2.—The suit brought by Rev. Dr. Newell Dwight Hillis, pastor of Plymouth church, of Brooklyn, against Frank L. Ferguson, president of the Plymouth trustees, was decided in the clergyman's favor by a referee appointed by the court to determine the justice of Dr. Hillis' demand for an accounting. Mr. Ferguson acted as business administrator in Dr. Hillis' numerous business enterprises, including the purchase of Canadian timber lands. The referee, William D. Dickey, held that Mr. Ferguson owes Dr. Hillis \$70,000, and that various claims which Mr. Ferguson put in for services and expenses, amounting to about \$55,000, were not justified. The referee added: "The temptation is strong to preach a sermon on the impropriety, to use no harsher words, of ministers, while they are ministers, engaging in any speculative business where the speculation is not carried on with money of others, who entrusted their earnings to a minister, because he is a minister, relying on everything that belongs to the ministerial office. "The referee's decision, subject to confirmation by the state supreme court, was made after 2,500 pages of testimony had been taken, covering nearly three years of inquiry. Hillis alleged that Ferguson owed him \$155,000, and the defendant made a counter claim against the clergyman for \$86,000. Hillis' legal fight was financed in part by members of Plymouth church, a pastorate once held by Henry Ward Beecher. As set forth in the referee's decision, Ferguson sought to show that Hillis had "on a capital of \$50,000 cash and on expectations of his salary of \$8,000 as pastor of Plymouth church, and earnings as author and lecturer of \$8,000 yearly, engaged in wild speculations in purchases and sales of virgin Canadian timber lands on Vancouver Island, British Columbia, and elsewhere, amounting to several billions of feet and representing more than \$1,000,000 in cost."

LOST OIL CARGO WILL BE REPLACED BY U. S.

Washington, Aug. 2.—The cargo of oil lost when the Spanish steamer Sarantes was torpedoed by a German submarine will be replaced by the United States if the Spanish government requests such action, as the oil represented a large part of petroleum allowed Spain under the Spanish-American trade agreement. This government also is ready to replace the oil burned with the Spanish ship Cervantes in New York harbor recently.

NO ORDER ISSUED TO RESTRICT GASOLINE SALES

New York, Aug. 2.—No orders restricting the sale of gasoline or oil for automobiles have been issued, said a joint statement by the war industries board and the fuel administration. Local automobile dealer's associations refusing the sale of these products on Sunday and holidays are asking without government authority, it was declared.

SWISS GOVERNMENT ACCEPTS CONFERENCE

Will Take Up All Matters Relating to Civil and Military German-American Prisoners.

Washington, Aug. 2.—The Swiss government has accepted "the permanency of the American-German prisoner conference," according to a communication received by the state department today. The Swiss government will furnish the rooms for the conference, it was stated, and the president of the Swiss republic will open the conference, which will be held in Berne in the latter part of this month. The personnel of the American delegation is practically completed. No definite announcement will be made at this time, however, the state department announced, other than the fact that the conference will take up all matters relating to both military and civil prisoners, and will be made up of both civil and military men.
